

# Itinerary Management – Mobile

## Full white label customization

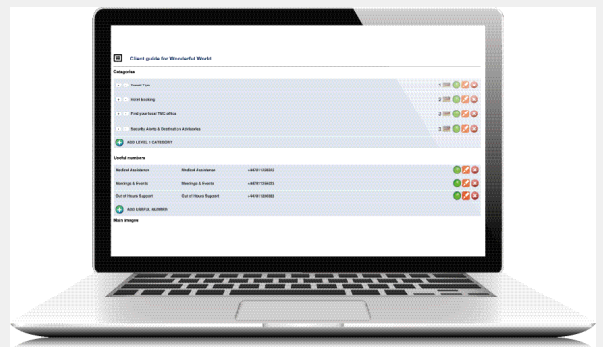

- ▶ Proactive flight status updates
- ▶ Automatic itinerary and invoice updates
- ▶ Client and TMC content
- ▶ Multiple itinerary data sources
- ▶ Destination and airport guides and check in
- ▶ Weather forecasts
- ▶ Currency converter
- ▶ Fully integrated with Duty of Care and Document Delivery

Available on all the major app stores and mobile web

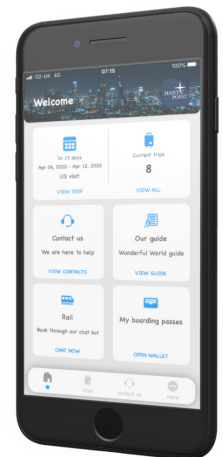

## It's more than just mobile...

- ▶ Self-service content management portal
- ▶ Manage content easily
- ▶ Cascade white label branding to each branch or client
- ▶ Profile and policy integration
- ▶ Add images, logo's, branding, text and even html to customize the client and traveler experience
- ▶ Manage contact numbers and links
- ▶ Unlimited access and changes

## TripGap™ Merchandising

- ▶ Build new revenue streams
- ▶ Post booking, in trip merchandising
- ▶ Click to call or in app fulfilment
- ▶ GDS write back
- ▶ Rules based offers, compliant suggestions at the right time
- ▶ Target booking segments not purchased at the point of sale
- ▶ Campaigns integrated with document delivery
- ▶ Profile and policy support

### About Mantic Point

Mantic Point is a leading provider of integrated traveler itinerary management solutions to the travel trade. Our white label mobile, email, online and social itineraries help TMC's and corporate clients ensure the right information gets to the right person at the right time.
